A BLANK CANVAS.

Designed for your story.

159 EVENTS ON MAIN

Every unforgettable wedding begins with a vision.

We intentionally designed 159 Events on Main as a sophisticated blank canvas—one that transforms effortlessly into a celebration that is uniquely yours. Whether your style is timeless and romantic, modern and minimalist, glamorous and dramatic, or richly inspired by tradition, our historic architecture complements rather than competes with your design.

From cascading florals to candlelit elegance, bold color palettes to understated luxury, every celebration feels completely original because your vision takes center stage.

This isn't a venue that defines your wedding. It's a venue that lets your wedding define the space.

the bridal suite

A light-filled, beautifully appointed space designed for comfort and calm, the Bridal Suite offers room to gather with your bridesmaids, share quiet laughter with your best friend, and steal tender moments with your mom before “I do.”

These are the moments...

you'll remember forever.

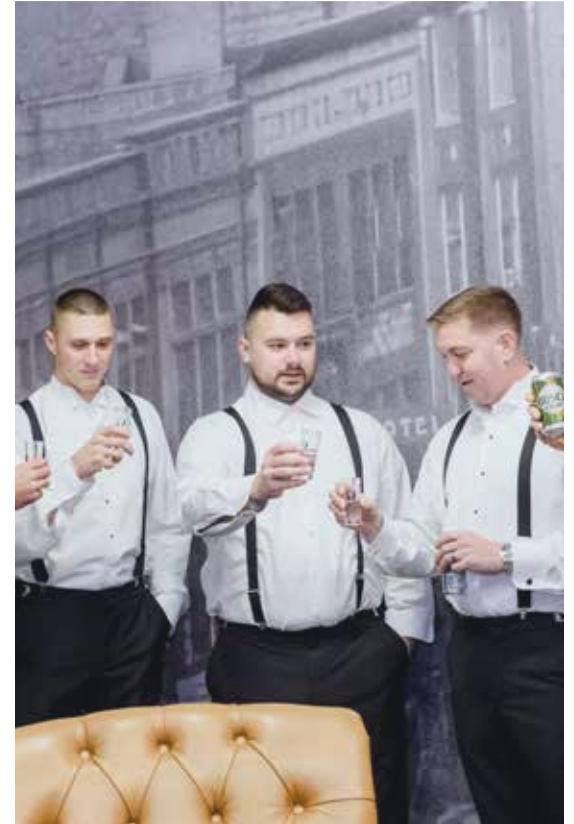

Individual vanities, ample hanging space, and ornate full-length mirrors make getting ready effortless, while plush seating invites you to slow down and take it all in. Large windows overlook the ballroom below—your first glimpse of the celebration waiting for you. An adjoining private garden room offers a peaceful setting for brunch, reflection, and connection.

The man on the right is holding a smartphone and showing the screen to a person whose back is to the camera in the foreground. The background is a large mural of a city street. The text "the gentleman's suite" is written in a gold, cursive font across the middle of the image.

the gentleman's suite

Step back into the style of the 1920s in our first-floor Gentlemen's Suite—an inviting space designed for relaxation and camaraderie before the ceremony. With ample seating, a bar-top gathering area, and a TV with Wi-Fi, it's the perfect place to share a toast, settle nerves, and enjoy the moment.

Just steps from where you'll say "I do," this timeless retreat sets the tone for a confident, unforgettable entrance.

Step through the original steel doors of our restored 1911 bank vault into one of the most distinctive spaces in the Midwest. Once built to protect priceless treasures, today it becomes the backdrop for your own. Whether it's an intimate cocktail lounge, a dramatic first look, a romantic portrait session, or an unforgettable guest experience, the Vault blends historic craftsmanship with modern ambiance. Candlelight, rich textures, and timeless architecture create photographs unlike anywhere else.

A photograph of a grand staircase with dark wooden steps and railings. The railings are heavily decorated with lush greenery, including ferns and leafy vines. Large, vibrant floral arrangements featuring white and deep red roses are placed along the railings. Several lit candles in glass holders are positioned on the steps, creating a warm, romantic atmosphere. The background is softly blurred, showing more of the staircase and the warm lighting.

a grand entrance

Some moments simply deserve more than an aisle.

The grand staircase offers an unforgettable way to begin your celebration, whether you're making your entrance, sharing a first look, or stealing a quiet moment together before the festivities begin.

Elegant from every perspective, it's one of the venue's most photographed architectural features—and one your guests will remember long after the last dance.
